

Texas A&M International University

Intensive College Math Program

JUMP START YOUR WAY INTO COLLEGE LEVEL MATH

Is this you?

- Will you graduate high school in Spring 2013?
- Planning to attend College?
- Do you have MATH scores below Texas State minimum for College-level math?

Consider TAMIU's Intensive College Math Program!

What is it?

- A program that will meet half days **Mon.- Friday, June 10-July 3** that will help you succeed in College math.

What's in it for me?

- Academic and personal development
- Meet interesting friends and mentors who can help you
- FREE tuition, books, lunch and MORE...even if you're not planning to attend TAMIU
- Learn secrets for College success.

What do I do next?

- Apply Now! Space is Limited (Early, qualified applicants get priority)
- Go to <http://www.tamtu.edu/uc/ICMP> to fill out an application or call 956.326.2743 (leave a message)
- Deadline: June 7, 2013.

Still not sure? Consider this...

- Save time and money by avoiding developmental Math classes
- Research shows students who succeed in math their first College semester stay in school and succeed in other classes
- **77% of ICMP graduates move up at least one math level—many go directly into College Algebra!**
