

## Academic Probation FAQ

- **Must I repeat a class the following semester or with the same instructor?**
  - **No. You do not have to take the class the next semester or with the same instructor. However, the class must have the same course name and number (i.e. ENGL 1301), in order to apply the repeat. Furthermore, it is strongly advised to repeat the class the next semester while the material is fresh in your mind and to quickly raise your GPA.**
