

7 Steps to Send Your TSI Scores to TAMIU

1

Go to <https://studentportal.accuplacer.org/> and click 'Your ACCUPLACER Score Report'.

2

Click on the "Find Your Test Results" screen, enter the same information you did when you took your test, then select the "Search" button. When choosing your Student Institution, remember that you may have tested for a college in your area even though you tested at your high school. Select the institution you tested for, rather than the testing location (if different).

3

You will see a screen confirming that your test results were found. The "Search Result" screen will show you the email address you entered when you tested. Click the "Send Reports" button to receive an email with a link to your Individual Score Report.

4

After you send the reports, an email with the subject "Your ACCUPLACER Test Results" will be in your inbox. If it is not in your inbox, please check your spam folder. In your email, select the "View ISR" button to retrieve your ISR.

5

Before retrieving your ISR, you will see the College Board Privacy Policy. If you agree to the Privacy Policy, check the "I have read and agree to the Privacy Policy" box, then click the "Accept" button. Note: You will not be able to access your ISR without accepting this privacy policy.

6

You will see a list of all your tests sessions along with the date and your scores. If you have tested more than once, you will see an entry for each session. To view or print your ISR, select the "View Complete Report" button.

7

To send your scores to TAMIU, select the "Share Score Report" button. On the "Share Individual Score Report" window, use the Institutions dropdown menu to search 'Texas A&M International University, then click the "Submit" button.
