TEXAS A&M **INTERNATIONAL** UNIVERSITY

# University College

University College grounds students in early academic college experiences, through First Year Experiences (FYE). Simultaneously, students interact and become aware of campus services available to support them as they complete their degree, as well as exposure to campus activities and events.

**MULTIDISCIPLINARY STUDIES IS ONE OF THE TOP 5 TAMU UNDERGRADUATE MAJORS OF CHOICE**

We offer student support services: advising, mentoring, and tutoring services.

We offer Signature Courses that intertwine varied disciplines so that an integrated inquiry is pursued.

Over 350 students engaged in Service-Learning

Our Reading the Globe program offers freshmen the opportunity for a two-week Study Abroad experience (all expenses paid) to the country connected to the University's common read.
