

Academic Probation FAQ

- If I earn a “D” or “F” in a course taken at TAMIU, do I have to repeat it at TAMIU or can I repeat it at a community college or another University?
 - Any course taken at TAMIU must be repeated at TAMIU in order to replace the previous grade in your GPA. Students who repeat a course at another community college or University will receive credit for the class as long as it is a C or better, but the repeated course will not help improve their TAMIU GPA.
